Subject: Monocyclic Aromatic Amines and Nitroaromatics (MAANA) Panel, Consortium No.

Please find attached copies of the cover letter, data summary, and robust summary documents for the MAANA Panel's submission to EPA's HPV Chemical Challenge Program for m-Nitrotoluene (CAS No. 99-08-1). Original hard copies of these documents are being sent via US Mail to the Program's Merrifield, Virginia, address.

HPV Chemical Challenge Program Submission

Nitroaromatics: Summary of Screening Level Data for m-Nitrotoluene (CAS No. 99-08-1)

Dear Governor Whitman:

The MAANA Panel of the American Chemistry Council is pleased to submit the attached data assessment for m-nitrotoluene (CAS No. 99-08-1) to EPA's HPV Chemical Challenge Program (Program). m-Nitrotoluene (CAS No. 99-08-1) is one of the five chemicals MAANA is voluntarily sponsoring in the Program. Data for the remaining four chemicals are being submitted separately as the Monocyclic Aromatic Amines Category. MAANA Panel member companies are Albemarle Corporation, Bayer Corporation, Buffalo Color Corporation, and First Chemical Corporation.

In addition to the data assessment, titled *Nitroaromatics: Summary of Screening Level Data for m-Nitrotoluene (CAS No. 99-08-1)*, please also find attached a robust summary contained in a IUCLID-format document for m-nitrotoluene.

This submission is also being sent electronically to the following e-mail addresses:

Oppt.ncic@epa.gov
Hpv.crtk@epa.gov
Chem.rtl@epa.gov

If you require additional information, please contact the MAANA Panel's technical contact, Dr. Anne P. LeHuray at (703) 741-5630 or anne_lehuray@americanchemistry.com.

Sincerely yours,
